COMTheatre aka "Mark" - I wasn't necessary going out on a limb for my theatre predictions, because these are predicting who I thought was going to win, not necessarily who I thought deserved the Tony.

12 out of the 15 major awards -- that's 80% -- that's pretty good.

BTW, I really don't like MOON FOR THE MISBEGOTTEN all that much. There are some Eugene O'Neil shows I like, some I don't. MOON just isn't one.

David Hyde Pierce's win was a fluke. Raul deserved it, but I'll get a chance to judge David's performance when I see CURTAINS shortly.

Later, B :-)
